

## *Highlights of July 30, 2007*

The Chapter concluded this afternoon with the final approval of the Chapter Document and Sr. Joelle's "Letter to the Congregation" which she shared with the Chapter and which confides the Document to each of the sisters throughout the world. The document reflects all that we shared and discussed and carries a central theme through its parts that "With Mary, as disciples and missionaries, we are sent to the ends of the earth, always in formation." The title will be chosen within each Unit to reflect the worldwide theme but also to resonate with the culture within which it is being received and implemented.

The closing Eucharist again gave us inspiration with the parable of the mustard seed and the leaven - so appropriate for our Congregation! We sang in several languages and supper was followed by a final gathering and presentation of candles at the Grotto for the Salve Regina.

Thanks to all of you who have followed our progress throughout the Chapter, and especially for your prayers. We truly experienced the Spirit's presence with us! We are signing off from Rome - Caio! Blessings!

Thanks!
